

“Fours” Contest

The goal is to make as many numbers as you can with only the digit 4, and the operations plus, minus, divide and times.

You can use as many 4's as you like, but the fewer the better!

Clip this entry form together with as many [answer sheets](#) as you can complete, and pass them up to

Fill in your details below :

Rules for the “Fours” contest

- You may attach as many completed answer pages as you wish.
 - The winning entry will be the one who makes every number on Answer Page 1, using as few 4's as possible.
 - In case of a tie, the winning entry will be the one who makes every number on Answer Page 2, using as few 4's as possible
 - If there is still a tie, I will look at Page 3, the Page 4, and so on.
- Rules for making numbers
 - You may only use the operations plus, minus, divide and times.
 - You may only use the digit 4
 - You may use this digit as often as you need to.
 - You may use brackets
 - You may use numbers like 44, 444, and so on.
- Have fun!
